WARSAW WILL BE ABANDONED

Russian War Minister Appears Before the Duma.

TO ASSURE FINAL VICTORY

M. Sazonoff Makes What Is Regarded as an Official Announcement That Polish Capital Cannot Be Held and Compares Present Situation With That at Moscow in 1812.

London, Aug. 2.—M. Sazonoff, the Russian war minister, speaking at the opening session of the duma, made what probably will be looked upon as an official announcement that Warsaw will be given up. He admitted that the Austro-Germans were enveloping the territory and military districts of the Polish capital and declared:

"We shall perhaps yield to the enemy a portion of this region, falling back on positions where our army will prepare for a resumption of offensive. We shall today perhaps give up Warsaw as then (1812) we gave up Moscow to insure a final victory."

The occupation of Warsaw by the Germans is hourly expected, for what little information is allowed to leak through is that the Russians for several days have been withdrawing to the Brest line, leaving small forces to fight rear guard actions, so that the main armies might make good their retreat.

These rear guard actions have developed at many places into fairly large battles, as the Russians, whose steadiness has been phenomenal in the face of defeat, are offering stubborn resistance to the German advances and delivering powerful counter attacks.

For example, they have prevented Field Marshal von Hindenburg from throwing more of his troops across the Narew; repulsed German attacks to the northwest of Warsaw and driven back to the river some of the invading troops who crossed the Vistula to the south of Warsaw.

In the southeast Field Marshal von Mackensen continues his victorious advance. He has swept aside the resistance of the Russians and forced them to retreat along both banks of the Bug. The Germans have passed through Chelm in pursuit. Thus, on this front, the retirement of the Warsaw armies is seriously threatened.

Russians Check Von Buelow.

The Russians, according to Petrograd, have stopped General von Buelow's advance in Kovno province toward the Vilna-Petrograd railway. If Grand Duke Nicholas is to hold the Brest line after his retirement from Warsaw it is absolutely necessary that General von Buelow's offensive should be arrested, for should he reach the railroad he would interfere seriously with the Russian communications.

It is not yet certain whether the Russian armies can make good their retirement from Warsaw. Certainly, the Austro-Germans are doing their best to prevent it and have moved up very strong reinforcements to hasten their encircling movement.

The appearance of fresh troops also suggests that the German staff will not be satisfied with the capture of the city, or even the destruction of part of the Russian army, but, should this be accomplished, will attack the Brest line and endeavor finally to crush the entire Russian forces.

Meanwhile, the Germans, who appear to have an inexhaustible supply of munitions, are fighting desperately to retain every position which they hold along the western front. They have recaptured part of the trenches which they lost to the British near Hooze and are making an effort to regain what they lost to the French in the Muenster region of Alsace.

An unconfirmed report comes from Rome that the Austrians are preparing for the evacuation of Trieste and have removed the machinery of the munitions factories.

BATHTUB SLAYER MUST DIE

George Joseph Smith Convicted of Murdering Three Wives.

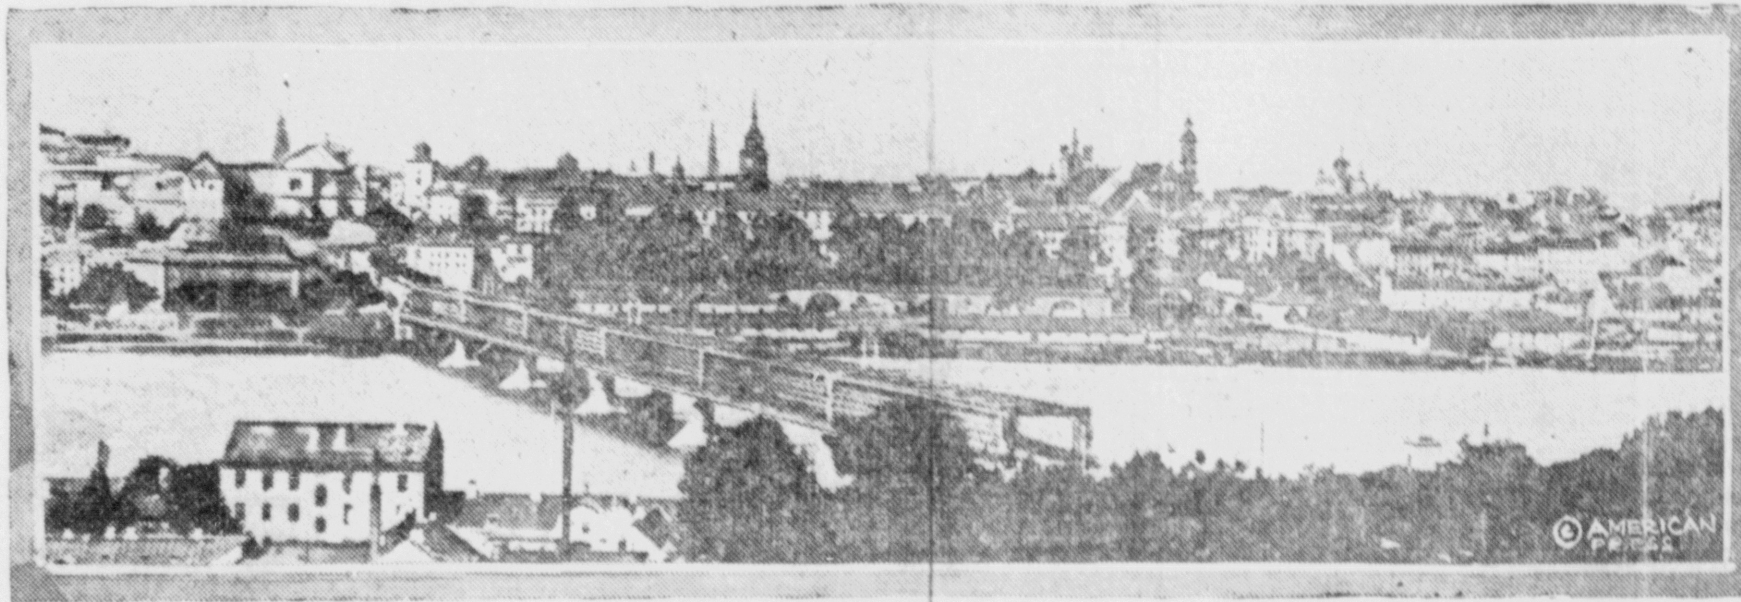

London, Aug. 2.—His appeal having been denied the hanging of George Joseph Smith was set for Aug. 13 at Maidstone prison.

Smith was convicted July 1 on the charge of murdering three of his wives while they were in their baths to collect insurance money on their lives.

Two Nautals Lost Ships.

London, July 31.—The Norwegian steamship Trondhjemsfjord was torpedoed and sunk by a German submarine. The Belgian steamer Prince also was sunk by striking a mine. The crews of both vessels were saved.

Warsaw, the Prize in the Greatest Battle the World has Known

This is a general view of Warsaw, looking from Prague across the Vistula River. It has become the prize

to be won in the greatest battle the world has ever known. The Germans and Austrians are pressing the Rus-

sians hard, and while the defense has been stubborn there is a feeling that this Russian city of nearly a million

will fall into the hands of the Kaiser. If it does it will be the largest city thus far taken in the war. No other

city in Europe that might be taken compares with it in size except the capitals.

ALTON B. PARKER.

Makes Strong Plea for Powerful Coast Defenses.

© 1915, by American Press Association.

STRONGER COAST DEFENSES

Judge Alton B. Parker Makes Plea From Pulpit.

Berkeley, Cal., Aug. 2.—From the pulpit of the Trinity Methodist Episcopal church here Judge Alton B. Parker of New York made a plea for stronger coast defenses.

"I would especially ask your aid," he said, "in arousing public opinion that will force congress to build enough submarines and submarine bases for the protection of both our coasts. It is simply a matter of insurance, not only for our wealth, but for our sons."

He also urged the need of more military air craft.

ANGELES ACCLAIMED SAVIOR OF MEXICO

Villa's Chief Lieutenant Arrives at Nogales.

Nogales, Sonora, Mexico, Aug. 2.—General Felipe Angeles, until recently Francisco Villa's chief lieutenant in the field, arrived here and was acclaimed a hero by the entire population and military garrison of the town.

High officials of the staff of Governor Jose Maytorena, Villa leader in Sonora, greeted him as the next president of Mexico.

The enthusiasm permitted but scant attention to be paid to a notice said to have been sent by Carranza authorities, warning noncombatants to seek safety, as the forces under General P. Elias Calles intended to destroy the town in a few days.

According to Maytorena officials Angeles will lead a revolutionary movement, with Villa as general in chief, assisted by Generals Obregon and Turbe, both of whom are reported either to have abandoned Carranza or to be ready to do so.

French Aeroplanes Collide.

Chartres, France, Aug. 1.—During trial flights an aeroplane making a steep volplane collided with another machine approximately 200 feet above the flying field. Both aeroplanes fell. One aviator, a youth of twenty years, was burned to death, while the other was severely injured.

UNDECIDED WHETHER TO ANSWER THE U. S. NOTE

(By United Press)

Berlin, Aug. 2.—It is semi-officially announced that contrary to published reports the Imperial government is now waiting the coming note from the United States to England before deciding what move to make.

REACHED STATE DEPARTMENT

(By United Press)

Washington, Aug. 2.—The London foreign offices supplement to the British order in council reached the state department this morning along with the Berlin notes dealing with the Frye case. Another British note dealt with the Nathiez case wherein the steamship carrying a cargo from a neutral port to the United States was stopped and towed to a British prize court, Britain claiming it was from a German port. The British note and supplement will be published Wednesday.

HUGE GERMAN MAGNET

(By United Press)

London, Aug. 2.—A Jerusalem newspaper has reported that a huge German magnet attached to a German Zeppelin flew over London pulling King George aboard white faced with terror. The paper also reported that the same week the Czar of Russia and President Poincaré were plucked in the same fashion, and that German guns are shelling London from Antwerp. London believes somebody lied.

FOUR AMERICANS ABOARD

(By United Press)

Washington, Aug. 2.—Ambassador Page has reported officially from London that there are four Americans aboard the Iberian, and that he is investigating. His report disagrees with the press report that three were killed and three wounded.

Labor Unions Want New Man Appointed

(By United Press)

Chicago, Aug. 2.—The Labor Union have appealed to President Wilson to supplant Redfield in the investigation of the Eastland disaster with some one not connected with the head of the department. Three bodies were recovered this morning, the total known dead being 840, missing 142.

Broken Health Looses Position

(By United Press)

New York, Aug. 2.—Broken health on account of her efforts in trying to free her husband Mrs. Charles Becker will probably lose her position as school teacher, her only means of livelihood.

The funeral of Charles Becker was uneventful, huge crowds following the funeral procession. A large floral piece upon an automobile bore the following inscription in letters four inches high, "Sacrificed to Police."

Eating Dead Horses, Mules and Grass

(By United Press)

Washington, August 2.—Charles O'Connor, special Red Cross representative at Mexico City, has urgently requested the state department to alleviate food conditions in that city. Death from starvation are frequent and many collapse from insufficient food and the quality. The poor are eating leaves, grasses, dead horses and mules.

Big Liner Ashore, Backs off Safely

(By United Press)

Chicago, Aug. 2.—The big lake passenger liner Manitou, of the Northern Michigan Transportation company, inbound from MacInac Island went ashore this morning in a dense fog off Chicago beach. When the fog lifted the Manitou backed off and proceeded to her dock under her own steam.

Automobiles Kill Six During Month

(By United Press)

Minneapolis, Minn., Aug. 2.—Following the killing of six persons in rapid succession during the month of July, Mayor Nye and Chief of Police Martinson today took steps to stop reckless driving through Minneapolis streets.

Makes Statement

(By United Press)

Chicago, Aug. 2.—Answering criticisms Secretary Redfield announced that he would investigate the entire steaabout inspection service during the fall if complaint was made, and that an immediate inspection of all great lakes inspectors would be started.

Receives Compliments

(By United Press)

Cornish, Aug. 2.—President Wilson has received many compliments upon the federal investigation of the Eastland disaster. None have openly criticized Redfield personally, but it has been generally cited that the inspection law, and not the department is investigating itself.

Washington, Aug. 2.—Officials are generally unwilling to discuss Secretary Redfield's actions at Chicago but are generally amazed.

Rain Drenches Crops

(By United Press)

Bismarck, Aug. 2.—Three inches of heavy rain has caused heavy crop losses on account of lodging grain. Four washouts are reported on the Soo line south of here. The weather is clearing and further rain is unexpected.

MUST NOT LOSE COURAGE

Emperor Nicholas Enthuses Russian Army and Navy.

London, Aug. 2.—On the occasion of the anniversary of the declaration of war Emperor Nicholas of Russia has issued an order to the Russian armies and navy, according to the Petrograd correspondent of Reuter's Telegram company.

The emperor is quoted as saying that, notwithstanding the efforts which have covered the Russian standards with fresh glory, the enemy has not yet been broken and that the Russian forces must not lose courage in the face of the fresh sacrifices and trials necessary to restore property and life to Russia.

French Repulse Germans.

Paris, Aug. 2.—German night attacks in Alsace were repulsed with heavy losses, according to an official statement issued at the French war office. Announcement also was made of an aeroplane raid on the German aviation camp at Dalheim.

EUGENE N. FOSS.

Again Becomes Candidate for Governor of Bay State.

Boston, Aug. 2.—Former Governor Eugene N. Foss announced formally his intention of seeking the Republican nomination for governor in the primaries next fall.

LABEL ON WHITMAN TAKEN OFF COFFIN

Becker's Widow Permits Removal of "Murder" Plate.

New York, Aug. 2.—The police removed from the coffin of Charles Becker the silver plate placed there by his widow, on which was inscribed the charge that the former police lieutenant, electrocuted at Sing Sing prison Friday, was "murdered by Governor Whitman."

After a police conference, attended by representatives of the district attorney's office, Inspector Fairrot, the announcement said, went to the Becker home and informed Mrs. Becker that the inscription was a criminal libel on the governor and prevailed upon her to permit its removal.

At the rectory of the church at which the funeral services for Becker were to be held, it was said the coffin would not be received unless the plate in its present form was removed.

PANIC ON EXCURSION BOAT

Women and Children Hurt in Rush After Cry of Fire.

New York, Aug. 2.—The steamer Grand Republic, from Rockaway for New York, put in at Coney Island, where several hundred passengers left the vessel following a panic which started with a false cry of fire. Many women and children were knocked down and slightly injured in a rush for the life preservers and boats.

The Grand Republic is the sister ship of the General Slocum, which burned with a loss of nearly 1,000 lives several years ago.

Morgan Fully Recovered.

New York, Aug. 1.—Apparently fully recovered from the effects of the bullet wound inflicted by Erich Muenster several weeks ago, J. P. Morgan was at his summer home at Glen Cove, L. I., having returned from a two weeks' cruise on board his steam yacht Corsair.

GOVERNORS WILL TALK DEFENSES

Program for Conference at Boston Is Made Public.

KEEN INTEREST BEING SHOWN

Added Significance Is Given the Meeting Because Adjutants General of Many States Will Take Part in Discussion of Plans for Increasing Size and Efficiency of Militia.

Madison, Wis., Aug. 2.—Military preparedness for national defense will be discussed by the governors of the various states at their annual conference in Boston Aug. 24 to 26, according to the program announced by M. C. Riley, secretary of the governors' conference. The meeting will have added significance because adjutants general of many states will participate in the discussion of plans for increasing the size and efficiency of the militia.

"The Mexican situation and the European war doubtless have caused many of the governors to ponder their own and their states' responsibility in relation to preparedness," Secretary Riley said. "Each of the forty-eight governors was consulted in the preparation of the program of the conference and practically all asked that some phase of the efficiency of our citizen soldiery be discussed."

"Many of the governors feel that the time is ripe for some uniformity of action in co-operation with the national government for providing an adequate program for improving the national defense. A number of the governors feel that if every young man is subject under the law to be called on for military duty it is important that such training should be provided as will fit them to perform the service well."

The discussion of national defense will be opened by Governor James P. Fielder of New Jersey, who will read a paper on "The Relation of the State to the National Defense."

Among those who will take part in the discussion are Governors W. S. Hammond of Minnesota, Charles S. Whitman of New York, Frank B. Willis of Ohio, Edward F. Dunne of Illinois, Ernest Lister of Washington and former Governors William Hodges Mann of Virginia and Elias M. Ammons of Colorado.

GOING INTO FIGHT TO WIN

Victor Murdock Says Progressives Will Nominate Early.

Mount Pleasant, Ia., Aug. 2.—Victor Murdock of Kansas, chairman of the Progressive national committee, made the following statement:

"I have just completed a three months' personal canvass of the situation with the Progressives in the Central West and on the Pacific coast and I am ready to say flatfootedly that we Progressives are going into the 1916 fight as a party and to win. "Moreover, a meeting of representative Progressives held this month in New York city reported the same conditions in the East that I have found in the West and they are lining up for the next battle. We will hold our national convention early and nominate a ticket."

OPIUM USED LESS IN CHINA

Fight Against Drug Cuts Down the Imports.

Washington, Aug. 2.—That the fight against opium in China is meeting with success is indicated in a report to the state department from Thomas Sammons, American consul general at Shanghai, on the state of the traffic in the drug in that republic.

The report shows that there has been a sharp reduction in the importation of opium since 1910. The half century annual receipts of that article of from about 6,666,000 to 10,666,000 pounds had dropped in that year to 4,714,000.

In 1914 importations were only 597,066 pounds compared with 2,418,499 pounds the previous year.

FOUR GIRLS ARE DROWNED

They Step Into Deep Hole in Creek While Wading.

Lockhaven, Pa., Aug. 2.—Four girls were drowned at Flemington, near here. They were:

Esther Fisher, twenty years old; Thelma Floruss, thirteen, of Flemington; Marion Bower, nineteen, of Monument, Pa.; and Erna Butterbaugh, eighteen, of Cherry Tree, Pa.

The four girls joined hands, waded into a creek and stepped into a deep hole.

Gov. Hammond is evidently saving
up his salary for use in future cam-
paigns as he has \$3,500 to his credit
for six months service as governor
with the state treasurer, not having
drawn any pay since he took the of-
fice. Possibly being a bachelor has
something to do with his growing
bank account.

Breckenridge saloon men have been
served with notices by insurance com-
panies that their agents are author-
ized to cancel the policies upon their
business places. Wilkin county has
voted dry and the saloons have six
more months to run but their places
of business will not be protected from
fire by insurance policies during that
time, according to a published report.

The Fergus Falls Journal thinks
that Postmaster General Burleson
will eventually require the rural car-
riers to walk in the distribution and
delivery of their mail on routes
through the country districts, for fol-
lowing the order forbidding the use
of motorcycles he has issued another
order prohibiting the use of auto-
mobiles except by special permit.

The state insurance commissioner
has commenced an education of the
villages in Minnesota having no sys-
tematic fire protection in order that
the property of the inhabitants may
be protected. The appointment of
two assistants is scheduled for this
week to assist in the work, which
will add zest to the new order as
there will be a scramble in democra-
tic circles for the positions. An-
nouncement in advance of appoint-
ments to be made always brings loyal
partisans to the surface.

Faribault announces the comple-
tion of the organization of a building
and loan association with the object
stated of promoting more home build-
ings, especially among laborers, the
shortage of desirable residences hav-
ing boosted the rents to a point where
men can better afford to own their
own homes than to rent. While a
large proportion of Brainerd work-
ing men own their own homes, and
among the most nicely kept resi-
dences in the city, neat and tidy in
appearance with well cared for lawns

and gardens, there is reported to be
a scarcity at the present time in de-
sirable residences for rent at a mod-
erate price. Medium priced, desir-
able homes are in demand.

LOCAL NEWS NOTES

Mrs. Cora Ames, of Aitkin, visited
in the city today.

Miss Louise Ellis, of Duluth, visit-
ed in the city yesterday.

SALVATION OF THE RUSSIAN ARMY

By J. W. T. Mason, for United Press

New York, August 2.—Salvation of part, if not all of the Rus-
sian army, retreating from Warsaw, has been affected through
the strategy of Grand Duke Nicholas. The tactics seem to fol-
low the Slav policies throughout the war. The fall of Lublin,
which gave the Germans final command of the railway border-
ing the Russian southern flank, came too late to catch the
Slavs in a trap. Unquestionably Russia's offensive power has
been shattered, but how long it will remain impotent, depends
upon the strength of the new defensive line, which the Germans
must form in Poland.

The capture of Lublin by the Austro-German forces has been
delayed to long to give Marshall von Mackensen an important
strategic advantage. The larger part of the Russian field force
has already fallen back to the new Slav battle front, north
and south of Brest Litovsk, 110 miles east of Warsaw. If Lub-
lin had capitulated before the Russian army got away von Mack-
ensen might have cut off the retreat to Brest Litovsk, but this
now is impossible.

The Russians have undoubtedly given away at Lublin in co-
operation with their general plan of retreat. They are fall-
ing back on the Brest Litovsk railway and are in an excellent
position to fight stubborn rear guard actions. It is improbable
that von Mackensen will succeed in enveloping the Lublin army
by crossing the railway at Lublin, however von Mackensen
compelled the beginning of the final stage of the evacuation of
Warsaw and all the Vistula positions.

Ivangorod, the great fortress guarding the southern flank
of the Vistula defenses must either be abandoned almost im-
mediately or its garrison will be surrounded. The enveloping
of Ivangorod would give the Austro-Germans possession of the
railway which parallels the Vistula to Warsaw and thus cut
Warsaw from Brest Litovsk. The Grand Duke Nicholas, how-
ever has become so experienced in directing retreats and Rus-
sian strategy is so essential based in the defensive, rather than
the offensive tactics, that the Warsaw rear guard probably will
succeed in slipping through before the way is barred. The
Russians are now clearing out of an area of 25,000 square
miles. This doubles the previous territorial holding of the
Austro-Germans in Russia.

F. S. Parker, and the latter left on
the afternoon train yesterday to visit
the new born grandson.

Shut-ins of Brainerd who work
every day and whose only knowledge
of the joys of the lakes comes sec-
ond-hand, were surprised by D. A.
Peterson who gave generously from
his catch of fish made at Round lake,
where he has a fine summer cottage.
Near him reside C. D. Peacock and
Anton Mahlum and the colony has
some very able fishermen with D. A.
at the head of the list.

R. B. Withington has returned
from Cayuga, N. D., where he inspec-
ted crops on his farm. Corn is slow
in the Dakotas, but all small grains
are doing wonderfully well. They
expect one of the greatest wheat and
barley crops in their history. Wheat
stands higher than one's head. Bar-
ley is so thick that one farmer could
not run his machine through it as it
nearly choked up with the crop.

Little Virginia Slipp, daughter of
Mr. and Mrs. Frank Slipp of Bau-
dette, formerly of Bemidji, fell and
broke her leg last week. She was
spinning around and fell when the
accident occurred. A long fracture
extending from the knee down was
revealed by an X-ray examination,
according to the Bemidji Sentinel.
Mr. Slipp was a former resident of
Brainerd and a son of Mrs. Maria L.
Slipp.

J. G. Dawes, of the Dawes Land
Agency, recommends that the farm-
ers of the county try raising winter
wheat. He saw fields of it at Pine
River, all thriving well. Wherever
wheat and clover flourish, there winter
wheat does well too, said Mr. Dawes.
It will prove more valuable than a
crop of rye. Oats is bound to yield
abundantly, running, so Mr. Dawes
estimates it, at double a normal
yield, being 80 to 100 bushels to the
acre. The possible loss in corn will
be more than offset by the enormous
yield of oats.

**Modern Woodmen
Meetings in August**

A. R. TALBOT
Head Consul of the Modern Woodmen
of America

A. R. Talbot, Head Consul of the
Modern Woodmen of America, will be
one of the speakers at the big M. W.
of A. meetings in Minneapolis, Du-
luth and Crookston in August. All
the head officers will be in Minne-
apolis August 23 and 24 for a School
of Instruction called by State Deputy
J. L. Sundean.

Woodmen meeting will be held in
Minneapolis August 23, Duluth Aug-
ust 25 and Crookston August 27.
Brainerd expects to send a dele-
gation to the Minneapolis School of In-
struction and meeting.

At the Grand

"Hearts in Exile" with Clara
Kimball Young will be the great at-
traction at the Grand tonight. This
picture will cause a sensation. To-
morrow and Wednesday William
Lackage comes in "The Pit." The
story runs as follows:

Curtis Jawdin, successful real es-
tate dealer, is introduced to the
Cressler family. He goes into a
bear movement in wheat with Cres-
sler, which is highly successful. Jaw-
din meets Laura Cressler at a the-
atre box party and they become
friends. In this scene is shown an
entire theatre—a stage within a
stage.

Sheldon Cortell, an artist, is in
love with Laura Cressler, but Jawdin
is the successful suitor. Laura is
affectionate but Jawdin is heart and
soul in his wheat speculations and
unconsciously neglects Laura. She
accidentally meets Cortell and in a
fit of pique at her husband renews
the old friendship.

While Jawdin is away Cortell
spends the evening with Laura. Cor-
tell's ability as an organist appeals
to her imagination. They are
abruptly interrupted by Jawdin's en-
trance. He triumphantly announces
that he has made five hundred thou-
sand dollars. He greets Cortell cor-
dially and in the midst of the con-
versation falls asleep. Cortell
leaves. Laura compares him with
her sleeping husband and pities her
neglected self.

Jawdin attempts to control a sig-
nificant bull movement in wheat.
He has a powerful adversary in Calvin
Crookes. In the fever and turmoil, Jawdin
neglects Laura. The bull corner is
finally attacked by Crookes and the
strongest scenes are now enacted in
Jawdin and Cressler's office on the
floor of the pit. Jawdin has pledged
every dollar he possesses but cannot
stem the overwhelming tide. Cres-
sler, broken down, commits suicide.

In the midst of his losing fight,
Jawdin is stunned by the announce-

ment of the suspension of the firm.
Crookes elated at his success, flips a
dollar bill in Jawdin's face, saying,
"Here's a dollar to buy your break-
fast in the morning."

In the meantime, Cortell has per-
suaded Laura to elope with him and
as she is preparing to leave, Jawdin
broken down in spirit, appears, and
her better instincts prompt her to
stay by the side of her husband, who
now needs her. Cortell sees the fu-
turity of his case and leaves. At that
moment, the newsboys are crying in
the street, "Wuxtra! Wuxtra! Curtis
Jawdin, Great Failure." The noises
arouse him, he says, "Failure? No!
Success!" and folds Laura in his
arms.

BRAINERD BEATS "ORE DIGGERS"

5 to 2 is the Score of a Hotly Contested Game, Brilliant Running Catches by

RICH BUSH AND SAM PARKER

Victor on the Mound Gets Eight Strikeouts, Paulson Found When Hits Meant Runs

Braierd beat Ironton 5 to 2 Sunday afternoon at the Koorling grounds realizing full value of the "Ore Diggers" errors and out-throwing them and hitting Paulson when hits meant runs.

Brilliant running catches were made by Rich Bush in left field and Sam Parker in center field. In the seventh Bush grabbed down a high one and whirled it to second, making a double play. In the eighth Parker tore after Garland's high fly and running for the fence, caught it with his back to the ball. The grand stand got up and saluted both players.

Victor had eight strikeouts to his credit and was particularly cool and resourceful in the pinches. Paulson was airtight until the fifth inning when Braierd broke into his play and getting even breaks with D. Fortune they swiped the leather off the ball and ran in three runs. J. Reva was trotted out and warmed up, but did not replace Paulson, who stuck on the mound to the end.

FIRST INNING. Elder struck out, Garland went the same route. Daley cracked out a single, but was caught stealing second, Victor to Cook to Benda. One hit, no runs.

Braierd. Erickson flew out to Quinn. Parker struck out. Templeton flew out to Garland. No hits, no runs.

SECOND INNING—Tollers drove out a single, Howard struck out, I. O. Paulson fouled out to Bud Roderick. Quinn struck one. One hit, no runs.

Braierd. Cook's fly was nailed by Howard. Benda went out at first, Garland to Elder. Roderick followed suit, Garland to Elder. No hits, no runs.

THIRD INNING. Kruger got a single. H. Paulson flew out to Cook. Elder's fly was hauled down by Shello. Throwing to Cook at first, he caught Kruger returning, making a double play. One hit, no runs.

Braierd. Bush drove out a two-bagger. Shello struck out. Victor reached first on I. O. Paulson's fumble, Bush going to third on the throw and scoring Braierd's first run when Erickson's infield grounder was thrown over first base by Daley. Parker bunted, out at first, H. Paulson to Elder. Templeton struck out. One hit, one run.

FOURTH INNING. Garland out at first, Erickson to Cook. Daley beat out his bunt, going to second on Victor's high throw to Cook. Tollers struck out, Howard out at first, Templeton to Cook. One hit, no runs.

Braierd. Cook out at first, Daley to Elder. Benda got a single. Roderick flew out to I. O. Paulson. Paulson throwing out Benda at first before he could return to the sack, ending the inning by a nice double play. One hit, no runs.

FIFTH INNING. I. O. Paulson flew out to Victor. Quinn struck out. Kruger got a single and stole second. H. Paulson popped a fly just beyond Templeton's reach, scoring Kruger. Elder flew out to Erickson. Two hits, one run.

Braierd. Bush started the fireworks, driving out a single, got second on Shello's sacrifice. Shello out at first, Garland to Elder. Victor flew out to Quinn. Erickson got a single, scoring Bush. Parker's drive was good for two sacks putting the Swede on third. Templeton's timely drive scored both Erickson and Parker. Templeton out stealing second, Tollers to Daley. Four hits, three runs.

SIXTH INNING. Garland put out at first by Cook. Daley's high fly was caught by Victor. Tollers out at first, Erickson to Cook. No hits, no runs.

Braierd. Cook smashed one for two bags. Benda out at first, I. O. Paulson to Elder. Cook got third on the throw. Roderick got first on a fielder's choice, Cook scoring on the throw home. Roderick out at second, Paulson to Daley. Bush got first on Garland's error, out at second, Tollers to Daley.

SEVENTH INNING. Howard got a single. I. O. Paulson out at first, Victor to Cook. Howard got second on throw. Quinn's single scored Howard. Kruger's long drive was pulled down by Bush's sensational catch and Quinn caught returning to second. Bush to Erickson to Benda. Two hits, one run.

Braierd. Shello got first on Howard's muff. Victor flew out to

WILD RUMOR FROM WALKER

A report current that a government agent had shot a man near Walker has proved without foundation, an inquiry at the Walker Pilot office this afternoon eliciting the information that a dead man, a white, had been found Saturday at Federal Dam, forty miles east across Leech lake. The coroner has left Walker to examine into the case and it is not possible to get into communication with him.

Quinn. Erickson flew out to Howard, Howard's throw retiring Shello at second. Howard to Daley to Paulson. A nice double play. No hit, no runs.

EIGHTH INNING—H. Paulson out at first, Erickson to Cook. Elder out, Victor to Cook. Garland's long drive looked like the goods until Parker started after it and pulled it down making one of the best catches this season. No hits, no runs.

Braierd—Parker got to second on Elder's error. Templeton flew out to Howard. I. Paulson's error put Cook on first and Parker on third. Cook drew a peg to second, Parker out at home on clear decision. Tollers to Daley to Tollers. Benda flew out to Howard. No hits, no runs.

NINTH INNING—Daley drove out a single, stole second. Tollers flew out to Bush. Howard struck out, J. O. Paulson closed the game by the same route. No hits, no runs.

The score by innings:
Ironton 0 0 0 0 1 0 0 0—2
Braierd 0 0 1 0 3 1 0 0—5

The box score:

Summary—Earned runs, Braierd 4, Ironton 2. Left on bases, Ironton 5, Braierd 4. Wild pitch, Victor. First base on errors, Braierd 6, Ironton none. Two base hits, Bush, Parker, Cook. Stolen bases, Ironton 2, being Daley and Kruger. Sacrifice hits, Braierd 2, being Parker and Shello. Struck out by Victor 8, Paulson 3. Double plays, Braierd 3, Ironton 2. Passed ball, Roderick. Umpire, Kylo. Time 1 hour 59 minutes. Official scorer, Zimmer.

NOTES OF THE GAME

It was a fine sight to see the grand stand crowd and the bleachers rise and cheer Bush and Parker, for their great catches. Both had to take off their caps and salute.

Bush, by the way, has a sore hand and it's not the most pleasant thing in the world to catch sizzling flies with a sore hand.

Cook made a fine catch of a high throw pegged to him by Victor, retiring I. O. Paulson in the seventh. Victor had to throw high or he would have nailed the runner in the back.

Frank Anstedt, of Crosby, returning home, stalled on the east hill. Fifty fans clustered like bees around his car and helped push him up the hill.

Riverton people at the game included Wm. McKeown, Henry Arneson, Fred Lovdahl, Louis Sullivan and Louis Kaitenbach.

Ironton visitors included Mr. and Mrs. Primus D. Kreitter, Attorney and Mrs. D. B. McAlpine, Mr. and Mrs. Phil Ellingson, Mayor Krueger and son, D. H. Sandstrom, Joe Marcetich, Mr. and Mrs. A. H. Proctor, Mr. and Mrs. Robert E. Lundholm. From Crosby Beach were Mr. and Mrs. J. A. Stetson and their son, Harold Stetson.

Ironton perked up a little in the fifth inning when it tied the score, 1 to 1, with Braierd. But Braierd came back strong with three runs in its half of the ninth and the figures then stood Braierd 4, Ironton 1.

Braierd tried a double steal in the eighth, Cook made second, but Parker was caught at the home plate. In the fifth Shello bunted near third and Braierd thought Shello was safe by four feet, but the Ironton umps on bases said, "Out."

Garland and Daley, to many Braierd fans, appeared to be imported for the game.

BREWERY SAFE ROBBED IN NIGHT

Thieves Blow Open the Safe and Extract \$200 Near the Midnight Hour Last Night

BUGGY TRACKS ARE FOUND

Window of the Office was Forced, Iron Bar Taken from Brewery, Papers Scattered on Floor

Bursting a charge of nitroglycerine, robbers last night broke open the safe of the Braierd Brewing Company and stole \$200, \$125 being paper and the balance silver.

A window was forced to gain entrance into the office. Tracks about indicated that the thieves traveled in a buggy, driving a heavy horse and that it occurred shortly after midnight.

At the brewery offices this morning Dr. Werner Hemstead stated the outside combination was rarely used and had not been for the last fifteen years. Fuse was found lying on the floor, and splinters of shelves from the inner boxes in the safe and pieces, the fuse and nitroglycerine the room.

Edward Boppel, president of the brewing company, estimated that he had left in the safe about \$200. An examination of the safe revealed that the inner section had been blown to pieces, the fuse and nitroglycerine having been attached to the keyhole and the outer doors closed. The blinds had been drawn by the robbers. When the explosion took place it must have made but a dull thump, for the brewmaster, Fred Myers, living less than a hundred feet away, heard no noise.

A screen door had been torn from the south window of the office and later replaced upside down. An iron bar, taken from the brewery, was found in the office. The robbery was first discovered by Wm. Jordan, a beer driver of the brewery.

Buggy tracks about the office and near the warehouse to the north were partly washed out. The horse had been tied near the shed while the thieves were at work.

Mr. Boppel lives at the corner of Quince and Fifth streets and said his wife had heard, about midnight last night, a buggy passing the house. The buggy tracks were found leading to the north and on to Sixth street where much traffic has wiped them out. Mr. Boppel estimates the thieves drove a horse weighing about 1200 pounds.

Whoever committed the robbery, said Dr. Hemstead, was certainly familiar with the ground and conditions at the brewery. Sheriff Claus A. Theorin has the case in hand and is following every possible clue to locate the robbers.

KARHUNSAARI WINS

Finn Beats Larkin, Getting Two Falls in Fast Time—Rice Wins the Preliminary

Before a big crowd of fight fans Henry Karhunsari, of Duluth, defeated Dan Larkin, of Minneapolis, two out of three falls in a well-contested wrestling match at the Grand theatre Saturday evening, getting the first fall in four minutes and the second in five, both full headlocks.

Karhunsari weighed 154 pounds and Larkin 145. Larkin put up a game fight. He is an experienced wrestler and started in fast to pin the Finn down early in the game. The Finn claims to be champion Graeco-Roman wrestler of Finland at 155 pounds.

In the preliminary Harvey Rice of Crosby, weight 145 pounds, defeated Mike Paulson, Minneapolis, weight 135 pounds, Rice securing a headlock in six minutes and a half Nelson in eight and a half minutes.

Fred C. Cook, of Braierd, refereed the match. Paulson before the preliminary, gave a fine exhibition of shadow boxing and skipped the rope. Many of the fans said they would like to see a go between Harvey Rice and Dan Larkin.

TO PLAY AITKIN

Game Arranged With Aitkin at Braierd Next Sunday, Aitkin Once Defeated Ironton

Aitkin, in an off day for Ironton, defeated the "Ore Diggers" and that victory has so swelled up the Aitkin boys that they imagine they have a chance to trim Braierd.

It will be a corking good game to see Braierd play foxy for several innings and then fall heavily on the Aitkin bunch and clean them up.

Talbot, Aitkin's strikeout artist, will be on the mound.

FARMERS' CLUBS FEDERATION MEETS

Gathering in Braierd is Held at the City Hall, Following Mayor R. A. Beise's Offer

THE RESOLUTIONS ADOPTED

Standing Committees Appointed by President D. C. Henderson—Other Business Transacted

The Dispatch publishes herewith the minutes of the meeting of the board of directors of the County Federation of Farmers clubs, held Saturday afternoon at the city hall in Braierd:

Nine members of the board met at the city hall, Braierd, Saturday afternoon, July 31, with eleven other interested members of clubs and visitors present by invitation, some of whom participated in the business of the meeting.

Meeting was called to order by President D. C. Henderson. Secretary E. E. Taylor then called roll and read minutes of meeting at Bay Lake which, on motion carried, were approved.

Bond for Treasurer Mrs. F. Peabody was then read, approved and ordered filed.

The question of best method of providing for prompt distribution of balance of alfalfa seed donated to the federation at Bay Lake, was then considered. Secretary Hansing of the Chamber of Commerce, explained that the seed was a free gift to the federation without any string to it only the conditions mentioned in bulletin accompanying it, viz: that of caring for it and reporting on the same next year; that the Chamber had no further claim or conditions to make and the officers of the federation should feel no embarrassment in using their own judgment as to method of distributing.

The president then made a short talk on the nature of this Farmers' club movement as compared with the Grange, and Farmers' Alliance, its broader foundation, its recognized importance by the state and its actual relation to the agricultural extension work division of the State University, and the increasing public recognition of the relative importance of the farming to that of the other industries of the state all combining to make this movement as it were a keystone in the arch connecting the research of science with their application to the production of wealth from the soil and the use of this wealth in developing a higher and better human life upon which arch must be built, the prosperity of the people through all generations. He also alluded to the favorable auspices under which this county federation had been launched, the friendly attitude and interest of the people of the various villages and the city of Braierd represented by the Chamber of Commerce, all of which emphasized the responsibility resting upon us farmers that we rise to the opportunity now opened to us, to assert ourselves as men and women and meet these advances in the spirit of friendliness and appreciation taking for our aim the attainment of an equal economic independence absolutely essential to the establishment and maintenance of a mutual respect.

A resolution was then introduced and adopted unanimously making County Agent A. J. Gafke and his wife active members, without fees of the county federation, having a voice on the board of managers and eligible for appointment and service on committees.

On motion duly carried the secretary was directed to request the local clubs to pay their annual dues of \$5.00 to our treasurer, Mrs. F. Peabody, Merrifield, as soon as practicable, not later than Oct. 1st, of this year.

The standing committees appointed by the president are as follows: Membership—E. E. Taylor secretary, R. Wetherbee vice president, A. J. Gafke.

Program—Mrs. David Archibald, J. W. Fitzpatrick, Mrs. A. J. Gafke. Pienies—Frances Maddock, Mrs. F. Peabody.

Dairying—R. Wetherbee. Good Roads—T. C. Pointon, G. E. Anderson, J. H. Peterson.

Home Economics—Mrs. David Archibald, Mrs. F. Peabody, Mrs. A. J. Gafke.

Exhibits and Contests—A. J. Gafke, W. A. Fuller, John Borg. Farm Crops and Marketing—O. G. Olson, J. H. Peterson, E. E. Taylor. County Agent's Work—E. E. Taylor, O. G. Olson, J. H. Peterson.

Legislative Committee—Frances Maddock, T. C. Pointon, J. W. Fitzpatrick.

Duties of standing committees, general outlines applicable to all committees; It shall be the duty of

PLANT ALFALFA

"Start a Garden Patch of Alfalfa," Urges P. B. Nettleton of This City

To the Editor:—

One hour's hard work before seven o'clock this morning in spading up a 10x19 foot space in the rear of my office in preparation for sowing alfalfa suggested the thought that it would be a good idea for every one who has a garden to put in a small patch right away quick.

I have arranged to get inoculation for one pound of seed for 15 cents. I have written for cost of culture for one acre. A package for one bushel costs \$1.00. I have a sample of such in my office yard.

The government will furnish inoculation free, but the routine necessary for getting it may make it too late to use in August. I can get the above in three or four days in any quantities.

Now lets all pull together for alfalfa, both in the city and country. I suggest that the Braierd council seed the city hall grounds and the county commissioners seed a plot at the court house. All this would do much in an educational way to expedite the alfalfa campaign which if properly pushed by farmers and others can make Crow Wing county the banner alfalfa county and one of the richest countries in the state. Let us all have an alfalfa patch right now. It is not too late.

P. B. NETTLETON.

Judge Stanton to Braierd

BRAINERD PHONE GRANT APPROVED

Railway and Warehouse Commission Holds Minnesota Telephone Co.'s Operations Legal

NORTHWESTERN CO. PETITION

Refused by State Railroad and Warehouse Commission. Holds Permit is Now Unnecessary

The State Railroad and Warehouse commission has refused the petition of the Northwestern Telephone Exchange company to compel the Minnesota State Telephone company to ask a permit before beginning operations in Brainerd. The Minnesota Telephone company has a franchise, granted by the Brainerd council and this the commission held was sufficient.

On June 13, the Minnesota State Telephone company petitioned the Brainerd council for a franchise to operate in that city. It was duly granted and the company, in order to evade the new telephone control law which went into effect July 1, strung temporary wires on poles belonging to the city water department and installed a few phones.

The Northwestern Exchange company, which has a plant in Brainerd, declared this was an evasion of the new law and demanded the company be compelled to seek a permit from the commission as required by the new control act. The commission yesterday in denying the petition ruled that the franchise granted the company by the city was in the nature of a contract and that it could not be violated by the state as it had been granted before the control act came into effect.

Northwest Crop Prospects Good

(By United Press)

Ipswich, S. D., Aug. 2.—Early wheat will run from 22 to 25 bushels to the acre, according to conservative crop estimates made here today. Oats will run 60 bushels to the acre and barley 40 bushels to the acre. Rye looked today like about 15 bushels to the acre. There is no sign of black rust and the weather has been ideal for crops.

Albert Lea, Minn., Aug. 2.—"Farmers are more scared than hurt and we shall have a good crop yet," is the way C. N. Oppgaard, who produced a seven foot corn stalk here as his evidence today sized up the prospects of the Minnesota corn crop. Martin Olson has some fully tasseled corn six feet three inches tall. Small grain never looked better.

Dickinson, N. D., Aug. 2.—With the starting of the harvest of barley, farmers in this vicinity today expressed great confidence in a bumper yield. Cutting of wheat is promised within a few days, if the weather continues favorable.

They Write Every Day

Every day Foley & Co. receive letters from grateful men and women, telling how Foley Kidney Pills cured them of backache, sore muscles, stiff joints and other kidney and bladder troubles. Is very quick to relieve lumbago and rheumatism due to kidney trouble. No other remedy has a longer record of cures. H. P. Dunn, Brainerd—Advt. mwf-a

CAL DRUGGIST SAYS:

"TAKE ONLY ONE DOSE"

We want to tell those in Brainerd suffering from stomach or bowel trouble that we are agents for the niple mixture of buckthorn bark, cascara, etc., known as Adler-I-ka, a remedy which became famous by ring appendicitis. This is the best thorough bowel cleanser known and JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. You will be surprised at the QUICK action of Adler-I-ka. Johnson's pharmacy.

STATE MILITIA IN FULL CHARGE

Action Follows Fatal Strike Riots at Massena, N. Y.

ROUT POLICE AND DEPUTIES

Mob Holds Bridge Entrance to Plant of Aluminum Company of America and Civil Authorities Find Themselves Unable to Dislodge the Men.

Massena, N. Y., Aug. 2.—Three companies of the state militia from Malone and Ogdensburg arrived here and took charge of the strike situation at the plant of the Aluminum Company of America, after a riot in which one workman who refused to walk out was killed.

Sheriff Day of St. Lawrence county, who was called to Massena at the first outbreak, was unable to subdue the strikers. With deputies and policemen he charged them at a bridge entrance to the plant, which they were holding, but the officers were driven back. In this encounter a policeman was severely clubbed.

Finding it impossible to control the 2,400 employees on strike Sheriff Day called upon Governor Whitman for troops. The strikers barricaded behind the bridge were charged by the troops and dispersed. Later the troops took possession of the plant and established a patrol, the sheriff's deputies meanwhile being sent out to arrest the strikers responsible for the outbreak.

While there was promiscuous shooting near the factory the militia took no part in it, those encounters being between strikers and employees who had refused to join them in a walk out.

Representatives of the men declared that their grievance was due to a demand for higher wages, which they claimed was not granted. The troops are expected to remain here until quiet is restored.

IS CONFIDENT OF VICTORY

French Premier Reviews Results of One Year's War.

Paris, Aug. 2.—The Petit Parisien quotes Rene Viviani, the French premier, as follows: "One year has rolled away since the day when, on a nation devoted to peace, which with its allies had made every effort to maintain peace, Germany and Austria loosed war. Never have the virtues of our race appeared nobler and more solid. Still other virtues, which previously had not been accorded us, have evoked the admiration of the world. By these virtues—enthusiasm, endurance, patience and spirit—victory of a right is assured our heroic army and its chiefs.

"This confident, laborious people is continuing its labors while its sons rush into furious conflict. In a word, all France is united and resolved, is exalted to heights yet unattained in history. Though the test be prolonged, our soul remains unshaken."

LAND AT PORT AU PRINCE

French Marines Will Aid in Maintaining Order.

Washington, Aug. 2.—With the consent of the United States, French marines have been landed at Port au Prince, Haiti, where last week's revolution overturned the government and necessitated the landing of an expeditionary force from the United States cruiser Washington to restore order.

A detachment from the cruiser Descartes is now guarding the French legation, from which President Guillaume was taken by a mob and assassinated.

A request for the guard was presented by the French minister at Port au Prince and cabled to Washington by Rear Admiral Caperton, in command of the American expeditionary force.

THREE AMERICANS KILLED

Three Others Wounded in Sinking of Steamer Iberian.

Queenstown, Aug. 2.—The official list of the dead of the British steamer Iberian, shelled by a German submarine, accounts for six men—three Americans and three Englishmen. The Americans were Mark Wileys of Boston, John Carroll and Sheridan; Englishmen, Proudfoot, Appelby and O'Keefe.

The wounded Americans are Henry Welsh, Charles Hansbury and John Braxwell. The British wounded are James McGuigan, J. Berry and L. Bolton.

NEW SUBMARINE WRECKED

Fishermen Say German Craft Is Destroyed on Trial Trip.

London, Aug. 2.—A Reuter dispatch from Copenhagen says that fishermen who have returned from Lubeck are authority for the statement that a new German submarine, while on a trial trip between Kiel and Fehmarn, was wrecked some days ago, twelve of the crew being drowned.

FARMERS' CLUBS FEDERATION MEETS

(Continued from page 3)

standing committees to represent the Federation to the local clubs on the lines of their respective subjects; to assume a special charge of subjects in the interests of the entire membership; to study their subjects through information received through extension division, or U. S. government bulletins from other reading matter, or through facts gleaned from their own experience, jotting down observations of their own and filing them, with selected printed matter, convenient for reference or use in furnishing answers or local clubs; to be diligent in attending meetings of their own clubs and in visiting neighboring clubs as frequently as they can make it practicable either on invitation or of their own motion, imparting such information or ideas as they may have for the clubs on their subjects by a talk or by printed matter.

They shall also be diligent at all times and everywhere in marking interested workers, and seek to encourage voluntary efforts in every line, inviting assistance in their respective subjects by way of suggestion and efforts at presentation in order to spread the interest and develop the parts or abilities of the local membership and report a summary of their doings at each quarterly meeting of the Federation.

Suggestions as to work of the particular committees named above were given which the secretary was directed to have prepared in form and made a part of record of this meeting.

A proposition laid before the board at Bay Lake by the Brainerd Dispatch, to get up a special edition of the Dispatch in the interests of the farmers movement and setting forth the agricultural resources and stages of development of Crow Wing county provided the local clubs would furnish pictures of their respective clubs and pay for getting cuts of same, and the secretary of each local club to write a brief history of their club, with any particular thing they had accomplished, or what they are interested in, was taken up for consideration.

The proposition was agreeable to all representatives present; many had already had pictures and they decided to recommend the proposition to the other clubs not represented and see if united action could be attained and such a work accomplished by about September 1, 1915.

The president then introduced the proposition for the federation to get up a Crow Wing County Farmers' club annual which should contain the articles of constitution and by-laws of the federation, duties of standing committees and names of same for each year, with a few other pages through it of other matter describing the aim, methods and spirit of our movement. Then each member of the clubs who wish will be encouraged to use a space a fourth or half a page as an "ad" for anything they have to sell or exchange, as of seeds, breeding stock, nursery stock, honey, milk, cream, butter, eggs, vegetables, etc., each club to have their ads in groups by itself; also ads would be solicited from some business and real estate men in the villages and in the city, each one to pay an agreed price for their space used, and such other matter in regard to extent and resources, and features of the county as the committee appointed for the purpose should think best.

On motion carried unanimously, it was decided to undertake the work and L. P. Hall, Jas. Lundborg, Mrs. Bert Sabin, A. J. Gafke and the president, ex-officio, were appointed a special committee to get work done, giving work to lowest responsible bidder under sealed bids, said work to be completed sometime in November.

The secretary was authorized to have a quantity of suitable letter heads and envelopes struck off for the federation, and draw order on treasurer to defray expense.

Moved and seconded that we hold our regular September quarter meeting on the fair ground at Pequot at 1 P. M. on the second day of the county fair. Motion carried unanimously.

The committee on exhibits and contests was authorized and requested to confer with and act with the management of the county fair association to secure use of a tent for the occasion if possible.

Same committee was also authorized to act with a like committee of the Chamber of Commerce to secure and place a county exhibit at the state fair and report thereon to the quarterly meeting.

The secretary was instructed to write the superintendent of the agricultural division for a farmers' short course the second week in December.

On motion seconded and carried unanimously the following as form-

Lay-to for a spell and swing on this:

You'll start an old-pal-party via a pipe or a makin's cigarette quick as a flash, as soon as you realize it's a live bet to let your good money rub up against some Prince Albert tobacco. Why, it's like beating back to the bushes for old-home week, P. A.'s so friendly, so chummy-like.

You see, Prince Albert lets you hear the song of the joy-us jimmy pipe and the makin's cigarette all the day long! The patented process takes care of that—and cuts out the bite and parch!

PRINCE ALBERT

the national joy smoke

just hands you home-made questions like these:

Were you ever pipe-happy? Did you ever hit a brand that just pushed pleasure against your palate? The kind that sort of teased your smokeappetite for some more fire-up, then another—and so on, right to the pillow-period!

Well, that's P. A., no matter how you hook it up—pipe or cigarette. It just-jams-joy into your system! You nail that fact hot off the bat, because it's case-cards information! And handed out to you for personal and immediate attention as being about as real and true as you've heard since Hector was a pup!

P. A. is sold in the tippy red bag for the price of a jitney ride, 5c; tidy red tin, 10c; pound and half-pound tin humidors—and—the classy pound crystal-glass humidior with the sponge-moistener top that's not only a joy-us thing to have at home and at the office, but it keeps P. A. in the highest state of perfection.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Here in Casimiro Irado, 104 years old, who lives in Watsonville, Cal. He has a remarkable memory and clearly recalls the war in Spain in 1822, when he was a lad of 12 summers. Irado has been a smoker all his life, and today he seeks no dearer, no truer friend than his old jimmy pipe. Irado has just been elected a member of the Prince Albert "old-time jimmy-pipers club."

ulated later by the president, was adopted:

Resolved, that in reviewing the attitude and kind action of the people of Brainerd represented by their mayor in proffering the use of this splendid hall for our meetings, and the same spirit manifested in the securing and donating 200 pounds of Grimm alfalfa seed for experimentation by the members of our federation, through the Chamber of Commerce, and of the people themselves in kindly associating with us at our Bay Lake picnic and also the people of Deerwood and those from other towns, thus adding to our pleasure and lasting enjoyment. We, the directors in business session assembled, on behalf of our federation to hereby extend to each and all of the above, our heartfelt gratitude and appreciation for their part, individually and collectively in making the month of July, 1915, the beginning of a new era in the sense of business relationship and on that account a mark in the history of Crow Wing county.

On motion adjourned to meet at 10:30 A. M. on the second day of county fair at Pequot.

E. E. TAYLOR,

Secretary.

D. C. HENDERSON,

President.

Summer Aches and Pains

A backache that cannot be explained by having "sat in a draft" is more than likely the result of disordered kidneys. Foley Kidney Pills promptly relieve backache, sore or stiff muscles and joints, rheumatism and sleep disturbing bladder ailments. They put the kidneys in sound, healthy condition. H. P. Dunn, druggist—Advt. mwf-w

\$100 REWARD WISE

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall Family Pile for constipation.

For Hay Fever or Asthma

Many persons dread July on account of hay fever. Foley's Honey and Tar Compound is recognized as the ideal remedy for hay fever and asthma. It heals and soothes the raw, rasping throat and eases the choking sensation. It allays inflammation and irritation and brings easy, natural breathing. H. P. Dunn, druggist—Advt. mwf-w

DRUG QUALITY

In buying medicinal drugs only those of absolute purity and potency should be accepted. If you are not posted on drug quality you can still exercise care in purchasing by trading at a drug store where only the right kind is sold. Price should not be made the leading consideration when buying drugs for sick people. Right results are wanted regardless of cost.

If you trade with us you are insured fresh, pure, potent drugs. We exercise care in handling them. We charge exactly what goods are worth and no more.
